

FOR IMMEDIATE RELEASE

Cardinal Systems® Offers bundling of products

Cardinal Systems Inc., manufacturer of steel and polymer wall pool panels along with its wholly owned subsidiary Caravelle International, LLC is offering a complete line of products for building vinyl lined package pools which can be 'bundled' into single shipments. From steel wall and polymer wall kits to tracks, coping, thermoplastic steps—even drains, coping forms, control joints and more. All of the products can now be put into one truck from one location. "Basically we can provide just about everything a builder/ distributor needs to sell package pools—everything except the liner," said David Bradley, VP of sales and marketing for the company. All products are now available to ship together from one location to provide buyers with huge savings in freight as well as savings in time by allowing purchasers to have 'one stop shopping' for their package pool needs. Products will now arrive together for efficiency of warehousing, speed of delivery and just in time inventory control. For more information about the products available to bundled shipments, go to www.poolsbycardinal.com or call 570-385-4733.

About Cardinal Systems:

Cardinal Systems, Inc, founded in 1976, is the country's largest manufacturer of steel pool walls for in-ground swimming pools and the largest single supplier of package pool panels, coping and components.
